

Sales Specification

Dimethyl Acid Pyrophosphate

dimethyl acid pyrophosphate

Test

Acid Number, mg KOH/g
Color, APHA
Specific Gravity @ 25°C/4°C

Specifications

not applicable
100 Max.
1.52 - 1.58

Physical Properties

Appearance
Density @ 25°C
Flash Point, Cleveland Open Cup

Clear Liquid
12.7 lbs/gal
399°F

Uses

Dimethyl Acid Pyrophosphate has a variety of industrial uses including polymerizing agent, curing catalyst and accelerator in resins and coatings, surfactant and stabilizer.
